

# STILL THREATEN TO MAKE PROBE IN NICARAGUA

Coolidge's Announcement and Denial Fail To Allay Senators' Opposition

Washington, Dec. 29.—President Coolidge's announcement that American naval forces will be kept in Nicaragua to "protect American lives and property" coupled with the denial that these forces are taking sides in the civil war there did not serve today to allay opposition to the administration's policy.

At breakfast by the senate still is threatened, K. Wheeler, Democrat, of Oregon, announced today he would introduce a resolution as soon as the senate reconvenes demanding the recall of the American commander in Nicaragua.

Senator Joseph R. Burton, Republican of Idaho, chairman of the senate foreign relations committee, is similarly opposed to the administration's policy. He has had several conferences with Secretary of State Hughes concerning the matter.

"I have absolutely no justification for American military or intelligence operations in Nicaragua," said Senator Burton.

"Not Conquering War" "We are not conducting war against these people."

While sentiment in the senate generally supports the policy of protecting American lives and interests, there is also a widespread belief that American troops should be withdrawn from Nicaragua as soon as the administration has taken effective measures to protect the lives of its citizens.

## PARENTS CAN'T TELL TRIPLETS APART

The three little girls shown here, triplets, are so much alike their parents can't tell them apart, he said. They are Trudchen, Dardchen and Janchen Kraush of Berlin, Germany.

Two dead at Urbana in Kerosene Explosion

Urbana, Dec. 29.—Two were dead here today, and a third seriously injured, as the result of using kerosene as a fire kindler.

The dead were: Mrs. Albert Boon, 25, and her sister, Mrs. William Cole, 17.

Collected in a hospital with body and head burned suffered when he attempted to remove the women. The home was destroyed.

## PRESIDENT TO PAY VISIT TO TRENTON, N. J.

Coolidge Will Take Part in Celebration of Trenton and Princeton Battles

Washington, Dec. 29.—President Coolidge will leave Washington early this afternoon to pay a three-day visit to Trenton, N. J., and take his first public appearance in that city as chief executive, the one hundred and fifty-third anniversary of the battles of Trenton and Princeton is the occasion.

A group of Mr. Coolidge by the Trenton Historical society.

Only a small party will accompany the president and Mrs. Coolidge, being composed of Secretary of State Hughes, Col. A. S. Cherry and Capt. W. H. Brown, military and naval officers.

Major J. F. Cooper, president of the Trenton Historical society, is expected to meet the president at Trenton tonight.

It is the president's intention to leave Trenton tomorrow night, and to return to Washington tonight.

It was just a few days ago that George Washington, leading a half-starved, ragged Continental army, crossed the Delaware river, surprised the Hessian command of Cornwallis and completely routed the enemy. It was at this battle that Washington's army won the fight.

## What Motorists Say About DETONOX

ALREADY, thousands of enthusiastic motorists are advising their friends to use Energex DETONOX Gasoline. They have tried DETONOX—have used it long enough to know what a marvelous gasoline it really is. Read what just a few of these drivers say:★

### Non-Deftoning:

From West Virginia: "I find DETONOX is a strictly anti-knock fuel, and believe me these West Virginia mountains will make most motors knock."

### Quick Starting:

From a Western Ohio farmer: "I used to have lots of trouble starting my old 1923 Ford—even with my wife helping me; I got some of your DETONOX and now I can start my car in a hurry and without any help."

### Lightning Acceleration:

From Springfield, Ohio: "The old bus has come to life again; it has lots of pep and a quick get-away; I don't follow anyone now when I step on it!"

### Giant Power:

From a garage owner in Indianapolis: "I started out from South Bend towing a heavy chassis. I heard of this new gas so at Logansport I dined my tank and filled up with DETONOX—I took hills on 'high,' with my heavy tow, that I could barely make before, running light. I could hardly believe it possible that there could be such a difference in gasoline!"

### More Miles:

From Pittsburgh: "I get four miles to a gallon more on DETONOX than on other good gasolines; and from an automobile dealer in Lima, Ohio: "After a thorough trial we are pleased to note that we receive three more miles to the gallon than we have been receiving on other gasoline."

### Clean Burning:

From Portsmouth, Ohio: "DETONOX Gasoline positively will cut carbon deposits. My big, heavy car climbs Timmonds Hill—all three turns—on high."

### Safe:

No testimony is needed to prove that DETONOX is safe for you and your motor: it is pure gasoline save for a minute particle of harmless red dye.

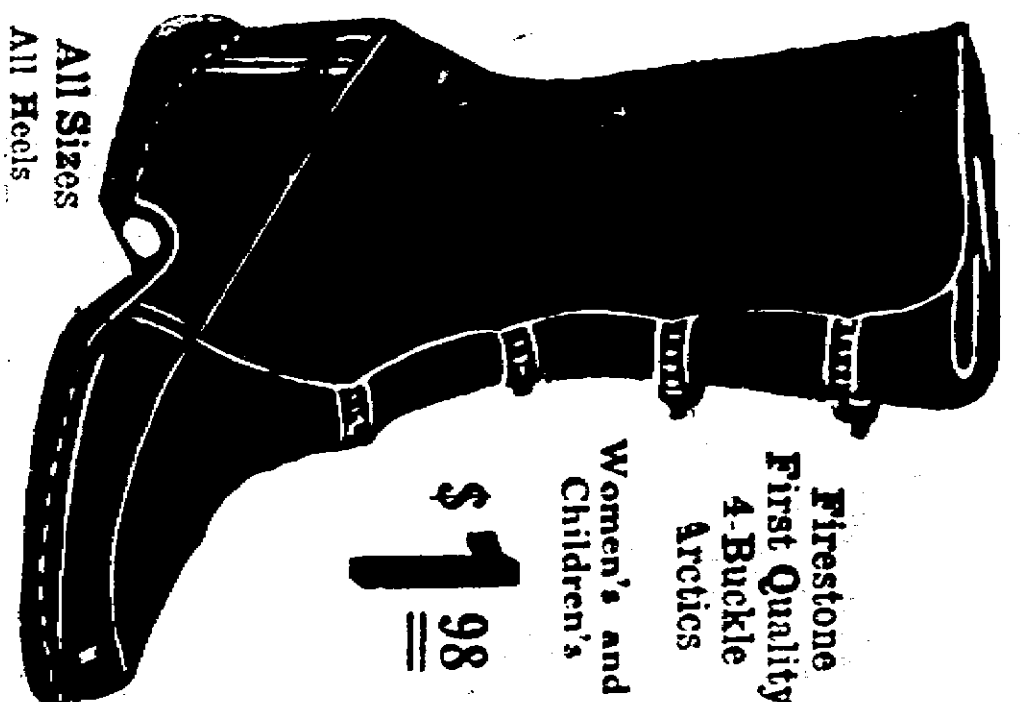

The merits which others are discovering in DETONOX we believe you will find, too. Give DETONOX a fair trial—You be the judge. Ask for it by name at "Pure Oil Blue" Pump.

## NEW AIR CODE WILL REGULATE USE OF PLANES

**Pilots Must Take Out Licenses;  
All Planes Must Be  
Tested**

Washington, Dec. 29. Approved by all branches of the aeronautics industry, America's new traffic code was officially announced today by the Commerce Department.

Aeronautics will be under new regulations January 1.

"Aircraft manufacturers, aircraft engineers, pilots, public and private owners of aircraft and others connected with the industry cooperated with the department in its efforts to draw up the most effective and useful code to properly regulate air traffic in a manner which will assure safety and be most helpful to the development of the industry," said a statement issued by William P. McCracken, Jr., administrator.

"The regulations were final and approved by section in a series of seven conferences between different elements of the industry and department officials."

Salient features of the regulation follow:

(1) Provision for registration and licensing of aircraft based upon airworthiness.

(2) Licensing of commercial and private pilots, based upon physical and mental qualifications and flight experience.

(3) Air traffic code regulating take off, landing, flight and other flying details.

While the regulations go into effect January 1, aircraft and air pilots

will continue to operate with the old code until July 1, provided they are not in violation of the new code.

The regulations apply to all forms of aircraft, including balloons and dirigibles.

## Historic Road Where Bandit's Head Was Impaled on Tree is Wiped Out

Above left, marker on site of Harpe's Head tree; lower right, new road with arrow pointing to old Harpe's Head tree; lower left, map of region, with the road line representing the Dixie Bee Line, which extends from Chicago to the south, crossing into Kentucky at Evansville, Indiana. X shows site of tree marker.

MADISONVILLE, Ky., Dec. 28. — A Kentucky road, once distinguished from all others because it wound through the hills and woods of this part of the state like a trail of blood,

has just become a civilized highway. Concrete has wiped out the blood trail in the mud.

With the last mud gap in the Dixie Bee Line highway, north and south from Chicago to Florida through the Middle West, paved, it marks the completion of improvements necessary to make the transcontinental trail a year-round highway.

But to the natives of Hopkins and Webster counties, in western Kentucky, steeped in the legend and folklore of the bloody reign of terror which occurred about the year 1890, it has a greater significance than the mere completion of U. S. Highway No. 11.

It means the erasure from the map of a name that can make the blood chill. The Harpe's Head Road.

For just to the east of Dixon, a crude stone monument which marks the spot where once stood a tree upon which branches and sharpened at the top, it might hold the skull of a human being.

That being was Big Harpe, leader of a band of outlaws.

About the year 1890, there came through this region, a band of outlaws headed by Big Harpe and Little Harpe, brothers. They robbed, waylaid, set fire to homes after pillaging them, killed the men and raped the women without mercy, and appeared for the simple sport of it.

News traveled slowly. Being sparse, so that it was some three many days before the residents of one part of the territory heard of the outlaws committed by the Harpe band in a nearby community. It was then too late for the pursuing posse to give aid, and the people of ravaged communities were too few and too much frightened to give chase.

Then came the reckoning that was climaxed with the decapitation of Big Harpe and the impalement of his head on a tree at the side of a road which marked the trail of his most atrocious activities.

A man, his name is forgotten in the dust of time, whose entire family had been murdered by the Harpe band, and who had sworn, with his hand on the Bible, to avenge their death, caught the murderers' trail after five weeks of seeking.

Big Harpe was on a powerful stallion, but his pursuer was on a swifter mount. The chase was short after the pursuing band sighted the outlaw. The avenger shot down his man, slashed off the head of the leader with his hunting knife, and then trampled it.

Concrete has wiped out the blood trail in the mud.

## POLICE SEARCHING FOR MISSING MARION BOY

Elmer Andrews, 323 Fairground-st, Disappeared from Home Here Oct. 11

Elmer Andrews, 323 Fairground-st, who disappeared from his home here on Oct. 11, without advising his parents where he intended to go, has not yet been located. The boy, who is about 12 years old, was last seen at his home, which is located on Fairground-st. The boy is described as being about 12 years old, with dark hair and eyes, and is wearing a dark suit. He is said to be a very intelligent and well-behaved boy. His parents are very concerned about his disappearance and are doing everything possible to find him. The police are also searching for him and have issued a warrant for his arrest. The boy is said to be a very intelligent and well-behaved boy. His parents are very concerned about his disappearance and are doing everything possible to find him. The police are also searching for him and have issued a warrant for his arrest.

When the parents finally started to locate him, about a month ago, a description was broadcast by poster to the police departments of the larger cities. In response to this appeal word was sent from Monroe, Mich. that a boy had been picked up there and then released. He gave a Cincinnati address as his home when held in Michigan. This clue is now being run down by Cincinnati police.

Reerch News  
Beach, Dec. 29.—In celebration of the twentieth wedding anniversary of Mr. and Mrs. Harry Wittred they entertained at their home on Christmas the following guests: Mr. and Mrs. Fred Wittred, Miss Edith Wittred, Marion, Mr. and Mrs. Pack Wittred, Miss Annabelle and Pearl Dietrich, Claridon, Mr. and Mrs. Grant Key and Misses Lois and Ruth Wittred.

Mr. and Mrs. Harry Tuttle and daughters Pearl and Dorothy spent Christmas with Mrs. Tuttle's parents at Mt. Victory.

Mr. and Mrs. Jay McLenathan and family were at the home of Mr. and Mrs. John McLenathan, Cardington, on Christmas.

Mr. and Mrs. Harley Klinefelter and sons spent Christmas with Mrs. Klinefelter's sister, Mr. and Mrs. Paul Maxwell, Cardington.

Visits in Marion  
Mrs. Rosan Sergeant has returned home over Christmas from visiting relatives in Marion and Wharton.

Mr. and Mrs. Britton Ault and family, Mr. Fern Baldwin, Misses Ruth Ellen and Margaret Jewell, Marion, Mr. and Mrs. Roy Gilson and family, near Edison, Mr. and Mrs. Clarence Ulmon, Crestline, Mr. and Mrs. Harley Ault and family, Mr. and Mrs. Marion Smith and Carl Ault were entertained for dinner at the home of Mr. and Mrs. Jerome Ault Sunday.

Mr. and Mrs. Harry Piant, Mr. and Mrs. Edgar Piant and son Francis, near Cardington, were Sunday visitors at the home of William Piant.

Mr. and Mrs. Harry Tuttle and daughters Pearl and Dorothy spent Sunday afternoon at the home of Mr. and Mrs. Jerome Tuttle.

Mr. and Mrs. Frank Mayer, near Waldo, were dinner guests at the S. R. Kraus home Sunday.

Mrs. Martha Tuttlebaugh has returned home after spending a few weeks at Marion.

Mr. and Mrs. W. S. McChesney and granddaughter, Marguerite Loyer, Marion, were visitors of Mr. and Mrs. C. W. McChesney, Cardington.

## AGE AND YOUTH DIRECT DESTINY OF COTTON MART

Henry C. Anderson, 80, Dies at Home North of City; Funeral Wednesday

Henry C. Anderson, 80, Civil War veteran, died at 3:30 o'clock yesterday afternoon at his home, north of the city, Marion, Route No. 4, following a year's illness of infirmities of age.

Funeral services will be held at 2 o'clock Wednesday afternoon at the C. F. Curtis & Co. Undertaking Parlor in charge of Rev. E. L. Holliday, pastor of Emmanuel Baptist Church, Burial in Marion Cemetery will follow.

Mr. Anderson was born Jan. 3, 1842, in Sevier County, the son of James Ramsey and Benjamin Anderson. He was married Feb. 3, 1872, in Sevier County to Barbara Morrison. He served in the Union army during the Civil War for 10 months.

Surviving are his widow, Mrs. Barbara Anderson, at home, four daughters, Mrs. Stella Owens, 181 Sharp-st; Mrs. Anna Dial of Indianapolis, Ind.; Mrs. Edith Beckman of Covington, Ky.; and Mrs. Winnie Beckman of Detroit; three sons, Willard Anderson of this city, and Fred and Alfred Anderson of Columbus; one sister, Mrs. Ruth Burdett, N. S. Street, and two brothers, Charles Anderson of Ashland, Ky., and Parker Anderson of Tennessee.

Although Colonel Henry G. Hester (above), of New Orleans, is 80 years old he still serves as secretary and superintendent. His cotton reports are known throughout the world. His services date from the founding of the exchange in 1871. Below is Edgar B. Stern, newly elected president of the exchange. Mr. Stern represents the new regime in the cotton business and will head the "New Orleans body" during 1923.

Byhalia News.  
Byhalia, Dec. 29.—Arnette Hamilton and Miss Ruth Foreman were quietly married at the friend's parsonage by Rev. Harley Bowerman, Christmas morning. The best wishes of their many friends are extended to the happy couple.

A. T. Coons left Thursday for Hollywood, Fla., on business, expecting to be gone only a short time.

Miss Helen Coons of Ashbury College, Wilmore, Ky., is spending the Christmas vacation at the home of her parents, Mr. and Mrs. A. T. Coons.

Miss Helen Spain of Grant Hospital, Columbus, spent from Sunday until Tuesday at the home of her parents, Mr. and Mrs. Gail Spain.

The Christmas entertainment given by the school Friday afternoon was very much enjoyed by those present.

Supt. and Mrs. R. Harman and sons are spending the holiday vacation at their old home near Ottawa, O.

The short program given by the Friends' Sunday School, Sunday night, was very good and was well attended.

Fred Hosman of O. S. University is spending the holidays at the home of his parents, Mr. and Mrs. J. Hosman. He has as his guest Mr. Wallace also of O. S. U.

Miss May Nolan of Dayton is visiting Mrs. Lillie Middleworth.

Miss Mary McManis of Richmond spent Saturday night with Miss LeVern Miller.

## CIVIL WAR VETERAN IS VICTIM OF INFIRMITIES

Henry C. Anderson, 80, Dies at Home North of City; Funeral Wednesday

Henry C. Anderson, 80, Civil War veteran, died at 3:30 o'clock yesterday afternoon at his home, north of the city, Marion, Route No. 4, following a year's illness of infirmities of age.

## C. E. MERKEL TO SERVE ON OHIO CHAMBER BODY

Marion Man Honored with Appointment on Taxing Committee of State Organization

Charles E. Merkel, president of the Marion Savings Bank, will serve as a member of a committee representing the Ohio Chamber of Commerce in conducting a study of taxation and cost of government in the state. Notice that he had been appointed as a member of this committee was received several days ago by Mr. Merkel from the president of the state organization and yesterday he sent in his acceptance.

In his letter to the Marion banker Frank B. McMillin, president of the Ohio Chamber of Commerce, outlining the work planned for the committee and expressing the opinion that it is the most important of all of the 20 committees which will have charge of various activities of the state organization during the coming year.

The duty of the group to which Mr. Merkel has been assigned will be, according to President McMillin's letter, "To give a general study to the subject of raising cost of government in Ohio, especially as applied to counties, cities and other subordinate taxing districts and to make to the board of directors recommendations with respect thereto as they deem proper."

The object of the investigation, Mr. McMillin indicates will be to ascertain ways and means of eliminating unnecessary offices and bureaus and of systematizing management to effect greater economy. Continued rise of taxes in the state, Chamber of Commerce officials say, has reached a point where it endangers industrial and business development in Ohio.

## WEATHERMAN PREDICTS FAIR, COLDER TONIGHT

Three-Inch Blanket of Snow Covers City; C. M. & B. Cars Behind Schedule

Fair and colder tonight, with rising temperature tomorrow will mean more comfortable weather for this section of the state during the next 24 hours. Partly cloudy tomorrow the weather forecast added to his prediction for tomorrow, but there is no snow or rain in immediate prospect.

Three more inches of snow fell last night, bringing the total depth since school closed to six inches. With rising temperature Thursday much of this is due to turn to sleet and disappear.

A year ago the cold wave was still hitting this city hard. The mercury stood at zero the greater part of Dec. 29, 1925, and never got above 18 degrees above.

Yesterday the thermometer registered 31 above for the high mark, and 23 below for the low point last night. The schedule of the C. M. & B. trolley line was thrown off this morning when snow and ice on the tracks south of Marion delayed trolley cars. School service was expected to be normal, but service was expected to be normal, but service was expected to be normal.

LEGISLATURE TO STUDY TROUBLE IN COTTON

South Carolina Legislators Plan To Investigate Problem of Farmers

Sumter S. C., Dec. 29.—A resolution to the South's "cotton problem" will be proposed in the South Carolina Legislature which convenes this month, by Rep. E. W. Dabbs, Jr., of Sumter County.

The Sumter representative will propose steps designed to bring about government control of cotton production, through action taken by legislatures of the Southern States, he declared in a statement here.

Federal machinery for keeping surplus cotton off the market and State laws to limit cotton production were seen as inevitable steps to put cotton growing on a "satisfactory basis" by Representative Dabbs.

"We have had years of voluntary effort," he said, "I think the time has come for government control."

SEEKS \$75,000

Canton Woman Asks Damages for Death of Husband

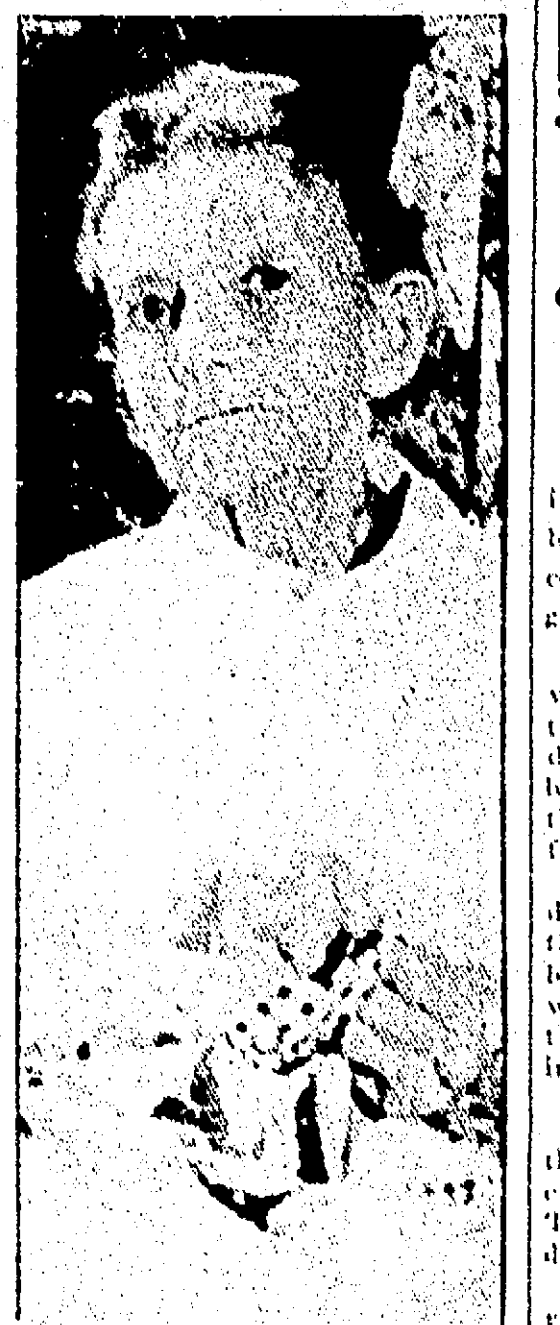

Cleveland, Dec. 29.—Suit for \$75,000 damages was filed in federal court here today by Mrs. Lucy E. Strauss of Canton, against the Pennsylvania Railroad Co.

The petition alleges that James M. Strauss, her husband, received injuries Oct. 21 while in the employ of the railroad company, which resulted in his death.

INCREASE IN LAND TRANSFERS SHOWN

Albany, Dec. 29.—Real estate transactions in New York State for the fiscal year ending June 30, 1922, amounted to more than five and one half billion dollars, a new high record, according to M. F. Loughman, president of the State Tax Commission. This total does not include cash transactions in real estate.

## COMPLETES QUILT OF 1,792 PIECES IN JUST 22 DAYS

Mrs. B. F. Farber, 80, of Brockton, Mass., has completed in 22 days a quilt of 1,792 pieces, made for a granddaughter. Mrs. Farber scans the use of eyeglasses. During the World War, she knitted 115 sweaters in four months.

## MAY HALT LAST "LEGAL HANGING"

Gray, Ga., Dec. 29.—The "last legal hanging" in Georgia, scheduled here Friday, may not take place.

Charles Walker committed to life imprisonment the death sentence of Jarrell Bedford, one of two men convicted of attacking an 80-year-old woman in Jones County.

Although Walker denied the same mercy to Wade Johnson, Bedford's companion in the alleged attack, strenuous efforts were under way to save him from hanging. The courts may be appealed to in a last minute move.

## 21 LIVES LOST

Report Steamship Astoria Sank in Black Sea

Cheba, Mass., Dec. 29.—Reports that the steamship Astoria had gone down in the Black Sea with a loss of 21 lives, reached the Richard T. Green shipyard here today.

An official of the shipyard said that it could not be the freight steamship Astoria, plying between Boston, Philadelphia and Liverpool, as that steamship was loading China clay at Fowey, England, yesterday, preparatory to sailing for Boston today.

CRITICALLY ILL

Miss Nell Loveland, teacher at Glenwood School Building, is critically ill of complications following pneumonia, at her home, Windsor-st.

## IMMIGRATION LAW SCHEDULED TO FACE ATTACK

Controversy Revolves Chiefly About So-Called "National Origins" Provision

Washington, Dec. 29.—The restrictive immigration law is scheduled to face a barrage of amendments from a large congressional group as soon as congress gets back to work.

The controversy is expected to revolve chiefly around the so-called "national origins" provision, which President Coolidge is directed to proclaim by April 1, and around the charges that the 1921 law inhumanely separates families of immigrants.

The greatest obstacle faced by those demanding changes, it is admitted, is the expressed fear of the immigration law that a "whittling down" process will ensue which will threaten the very policy of selective and restricted immigration.

Fight for Repeal

President Coolidge has been advised that it is mandatory upon him to proclaim the "national origins" provision. The law required the chief executive to do this if quotas would be worked out.

A virtual flood of propaganda, for repeal of this section has swelled in from Scandinavian strongholds. Senator Shipstead, farmer labor, of Minnesota, is expected to lead the senate fight for repeal.

Under the "national origins" section, the annual quota of immigrants would be cut from 161,000 to 150,000. Quotas would be in proportion to the past contribution of any nationality to American population as revealed by the 1920 census.

This scheme would increase the quotas of some nations and decrease those of others. An estimate submitted to the senate by Senator Reed, republican of Pennsylvania, showed that the combined quotas of Norway and Sweden would be cut from 16,011 to 6,140 annually, that of Great Britain and Ireland would be raised from 62,458 to 91,111 and Germany's would be cut from 50,120 to 22,018. Quotas of many eastern European nations would be reduced.

1900 Census Quotas

Representative Sabath, Republican, of Illinois, is leading a fight in the house for passage of his bill which would base quotas on the 1900 census and would permit American citizens to bring in as non-quota immigrants wives, fathers, mothers and unmarried minor children. Allies who have declared their intention to become citizens would be allowed to bring in wives and children under 18 years of age.

The present law, which only allows American citizens to bring in outside the quota wives and minor children, has resulted in the separation of families of thousands of immigrants. It is asserted that a score of other bills are pending which propose various changes in the immigration law affecting more than 500,000 people, but it is doubtful if any change will be made because of the short life of the present session.

Advocates of the present immigration policy will try to push through the deportation bill now pending in congress, according to Representative Johnson, republican of Washington, chairman of the house immigration commission.

"This measure, Johnson said, would make possible the deportation of alien gunmen, narcotics peddlers and bootleggers."

## MINORITY STOCKHOLDERS WIN POINT IN SUIT

Toledo, Dec. 29.—Minority stockholders who are attempting to gain hold of the controlling reins of the Goodyear Tire and Rubber Co., now held by F. A. Goodyear, president, won a point in their suit here today when Federal Judge John M. Kilts denied a motion to quash the action.

The motion was based on the grounds of non-jurisdiction, the defendants claiming that Mr. Katherine G. Benedict, in whose name the suit was brought, was a non-resident and that the local court could not function.

TO MAKE INQUIRY

Washington, Dec. 29.—The house has decided to inquire into the now famous "Japanese war scare" report of 1921 which denied so prominently in the recent Fall-Belmont case, it was learned today.

# Loans to War Veterans on Policies Effective Jan. 1

## WILL RELEASE LARGE SUMS OF MONEY, BELIEF

### Bureau Hopes Few Ex-Soldiers Will "Hook" Their Policies

Washington, Dec. 29.—World War insurance policies have a new beginning Jan. 1, 1925, which have been in force for as long as two years can be put up with. The Veterans' Bureau hopes very few of them will "hook" this. It would rather have each veteran keep his policy intact. It matures, in 20 years, and then the full amount it represents. Or, it dies in the meantime, the bureau will like to have his family get the sum he is insured for, rather than have part of the money diverted to the Veterans' Bureau.

Technical Definition. According to an underwriter's strict view, the World War veteran does not hold a policy, but what is known as an "adjusted service certificate," which amounts substantially to the same thing.

This the veteran's policy, if he desires to make it serve as security for a loan.

A certificate's loan value, strictly speaking, is the face value of the policy.

At the \$12 per cent rate the veteran will be unable to make serious loans into his future. As his certificate matures he can, by degrees, eat most of his deferred bonus up.

Adjusted service certificates will become available for loan purposes in 1927 to the number of more than three million, representing a face value of three billion, 137 million and nearly 670 thousand dollars, or a loan value of 282 million and nearly 550 thousand.

How heavy the borrowing will be is anybody's guess. The Veterans' Bureau surmises that the average man's inclination to keep his life insurance unencumbered, if possible, will have a restraining influence.

Nevertheless, it is foreseen that the demand for current funds especially in such sections as the corn and cotton belts, where money is not too plentiful at present, will be considerable.

As securities, the adjusted service certificates, of course, are gilt edged but the elaborate precautions provided by the government to protect the veterans from gouging are relied on as a guarantee against any accumulation of them in greedy or unscrupulous hands. The indirect cashing of the certificates, by degrees, at some discount, unquestionably is to be expected in an uncertain share of cases, but anything in the nature of the exploitation of needy veterans' necessities is regarded by federal authorities in charge of their interests as an impossibility.

When borrowing money, with his certificate as collateral, the veteran surrenders the certificate to his creditor. Should he fail to pay, the bank, if it is the government, begins at about 8 1/2 per cent of its face and gradually increases as the certificate draws nearer and nearer to maturity.

A regularly organized bank or trust company must make the loan. Otherwise the government will not recognize it. Neither can the Veterans' Bureau make loans.

When borrowing money, with his certificate as collateral, the veteran surrenders the certificate to his creditor. Should he fail to pay, the bank, if it is the government, begins at about 8 1/2 per cent of its face and gradually increases as the certificate draws nearer and nearer to maturity.

## Behind the Screen

JOHANA RALSTON

Now that Johana Ralston has played opposite Harold Lloyd for the last time she is ready to begin a stage career. She appeared in several dramatic productions while under contract to the comedian.

THAT Russia today offers an unparallelled market for the American film producer is the belief of Leon S. Zankov, general director in this country of the film business of the Russian Soviet.

While we, in this country, attach such value as "Potemkin" branding them Soviet propaganda, Russians are welcoming our pictures as an aid to education of the masses.

With the awakening of a new spirit in the Russian masses and the wide spread art of literacy, which has been so strikingly successful, there seems to be an insatiable demand for knowledge and culture of all kinds. American in the name represents to the Russian a land of incredible efficiency, and in his desire to imitate its ideas, as far as it is compatible with his ideals, the Russian is eager for every bit of news of the life in this country. American motion pictures are of particular appeal.

Of course, at the present time, under the films which would appeal to the Russian is not creating in any great of the life in this country. American motion pictures are of particular appeal.

possibilities and necessities in the Russian cinema field.

"Not only is there an unlimited market for American motion pictures properly adapted to our needs in Russia, but Russia also offers a splendid background for the original production of films, particularly those with Russian atmosphere. And I have no doubt that we would cooperate with any group which would want to undertake a program of production in Russia working in close interdependence of ideas and suggestions with our studios and directors."

Among Colleen Moore's productions in 1927 will be "Nanching But Nanching" in an exclusive girls' finishing school and "Oh, What a Life!" which sets forth the adventures of Colleen as a performer in a theatrical troupe and a painter's devil in a small town newspaper office.

Chester Conklin will support Hamer Novaro in "Old Heidelberg," which Ernst Lubitsch is to direct for Metro-Goldwyn-Mayer.

## FORMER HARDIN COUNTY WOMAN DIES IN INDIANA

Sister of Mrs. M. N. Obenour, 160 Dix-av, Succumbs in Huntington

Mr. and Mrs. M. N. Obenour, 160 Dix-av, left this morning for Huntington, Ind., where they were called by the death of Mrs. Obenour's sister, Mrs. Helen Obenour, wife of J. O. Obenour.

Mrs. Obenour died about 1 o'clock this morning following an operation last August for cancer. The body will be taken to Huntington, Ind., for interment. Mr. and Mrs. Obenour expect to return home tomorrow morning.

Mrs. Obenour is survived by her husband and the following children all at home: Leona, Pearl, Reva, Vaughn, Lucille, Margaret, Fred, Wilma, Elsie and Robert; her mother, Mrs. Geo. Lingo, of Otterbein community.

Sister, Mrs. Obenour and one brother, Myron Lingo, 160 Dix-av. Her father, Lafayette Lingo, died 17 years ago.

## TWO PLEAD GUILTY TO INTOXICATION CHARGES

Paul Harris, 31, of Savannah, Pa., and C. J. Vincent, 19, of Cleveland, pleaded guilty when arraigned before Mayor Hazen on intoxication charges yesterday, and each was fined \$20.

The fines were exacted when both men promised to leave the city at once. Harris was arrested early Tuesday morning on W. Center st. near Garden st. and Vincent was taken into custody Monday night near the Ford garage on N. Main st.

The average maximum salary for women teachers in the public schools in America is \$2,500.

## New Party Alignment Now is Seen as Urban and Rural

Two Big, New National Bodies Discussed by Washington Correspondent

WASHINGTON, Dec. 29.—Two big, new national parties, it is quite generally agreed in the halls of congress that that is what this country is coming to.

For a long time, the old time leaders have kept up the old time talk on the old time Republican and Democratic parties. It meant something once, but in the confusion of their own minds, the old time leaders themselves admit that the present is a little different.

There are no public men who are not mostly with the Democrats. There are Democrats who are mostly with the Republicans.

For the new party which the theory was that the new alignment must be conservative and liberal, the conservative Republicans, like Senator Smoot, and the conservative Democrats, like Senator Underwood, in the conservative camp; the liberal Democrats, like Senator Wheeler and the liberal Republicans, like Senator Norris, in the liberal camp.

But, on closer scrutiny, it appears that this division won't work, well. There are various kinds of liberals and various kinds of conservatives.

The conservative Democrats, the "robber" party, the conservative Republican Senator Gilbert is for all the fault the law will allow, but more, for the extremely liberal Republican Senator La Follette is a vet, the liberal Democratic McKelch is four dix. The entire conservative liberal lineup is moulded up in the same way.

But there is one system by which two greatly distinct and definite parties can be built out and congress is gradually coming to a realization of what this system is.

The urban district representatives in the senate and the lower house of the national legislature go into one classification. The rural district representatives go into the other.

How much the country as a whole may be chopped up regionally, from a political standpoint, the big cities all think pretty much alike.

The state of New York differs from the state of Iowa in that the New York farmers get their own way less than the Iowa farmers, since the New York farmers have to reckon with a huge city vote, while the Iowa farmers have

population predominated. Today the urban population predominates, but the representation rate remains where it was originally.

A reapportionment is long overdue. The cities are clamoring for it, but the country, being in control, won't consent to it.

It is feeling results, naturally. The feeling is growing in Washington that an urban rural party realignment offers the only final solution and that, ultimately, it's inevitable.

NEW YORK CITY and San Francisco, Chicago, St. Louis and New Orleans each may have its own minor problems but they have all their big problems in common urban problems. They have their own tastes preferences, sympathies and interests quite different from the farmers.

The system farmer gives votes, the northern farmer specializes on corn and wheat, the southern farmer specializes on cotton, the Pacific coast farmer is a fruit grower, but all are basic producers, with an ingrained hostility justified or otherwise toward the great centers of population.

THIS dickens of it is that the majority rules the majority.

The present rate of electoral representation was fixed when the total population was 100,000,000.

There are no public men who are not mostly with the Democrats. There are Democrats who are mostly with the Republicans.

## Patsy's Patter

Gossip and Guesses in the  
World of Sport

By Pat Murphy

THIS SPEAKER and Ty Cobb are now expected to file suits against the powers that be in organized baseball in an effort to clear their records of any connection with "phony" games.

The two famous players made a trip to Washington this week, where they conferred with several United States senators, whose advice was to enter civil suit for damages. It is hoped in this way to force lands to show what evidence he may have to support his charges. If the committee has no evidence, the court action will bring out this fact.

Cobb and Speaker spent yesterday in conference with attorneys in Cleveland and have scheduled conference for Friday in Detroit with Judge James O. Murfin, Cobb's counsel. It is expected that suit will be filed immediately.

Another of the several peculiar angles of this case is the fact that the alleged "culprits" go to the national law making body and get friendly advice and counsel from some of the most prominent men in the nation. If public sentiment alone were to decide the case, the managers would stand acquitted without a trial.

For many years after its introduction into the United States from Canada the game of lacrosse was confined to fewer than half a dozen Eastern colleges. Now the American Intercollegiate Lacrosse Association is a flourishing organization embracing teams at 18 colleges and universities.

One of the amazing things that have featured the closing months of the year in pugilism is the comeback of Battling Levinsky, one of the best light-heavyweights of his time and a former holder of the championship. After nearly five years of complete idleness, since he lost his title to Gene Tunney, the old war-horse is now stepping into the ring on an average of once a week and making good showing against some formidable opponents.

Bicycle devotees whose memories go back as far as the year 1890 will be sorry to learn of the plight of Major Taylor, who is reported to be ill and in needy circumstances at his home in Worcester, Mass. A generation ago, when bicycle racing was at its peak, the "Major" was one of the speediest figures in the game.

Agitation against big league clubs maintaining "farm" in the minors has been going on for years, but the farmers are still there. The minor leagues are seeking, it is said, some way to stop the practice. But if the market price of minor league ball players continues at its present fantastically high level, the majors will continue to maintain farms.

A good class A. A. ball player goes to the majors for what he will bring. Some of the big boys are worth \$100,000 each. Many have been sold for \$50,000 each. Twenty of the most prominent minor league players have brought more than \$1,000,000 in the last two or three years.

A minor league ball club can be run all season, salaries, traveling expenses, and everything else paid, for what has been paid for a single minor league ball player.

Naturally the big leagues must get ball players from smaller leagues. The big leagues may be entirely to blame for the extravagant prices of recent years. Running a baseball farm appears to be a much less expensive proposition than buying a star minor league ball player, and not a what more uncertain as far as strengthening the big league club is concerned.

The minor league owners are talking now of placing a \$20,000 limit on offers to minor league clubs for their stars. But the trouble with this is that the big leagues are always in a position to help the smaller leagues with players. Promises of help later could be given with the \$20,000, and the bidding would merely resolve itself into seeing which minor league club would go farthest in promising "favors" later on, and the situation would be about what it is right now.

The next of the national amateur billiard championships will be the tournament for the Class B 182 ball game title, which will be staged in Brooklyn beginning Jan. 21.

Definite information on the ring plans of Jack Dempsey is expected within a few days, according to an announcement this week by Promoter Tex Rickard. The former world's heavyweight champion talked over the long distance telephone with Rickard.

Dempsey is scheduled to return to

## "Horse" Haggerty and His Five Here Thursday

Famous Basketeer and  
Canton Professionals  
to Clash With Dairies

Jack Cremens, "Snook" Dowd, "Curly" Christian, Arthur Dexter, Ray Corl and "Red" McBride Will Assist Haggerty; Midways Will Meet Collegians in Opening Tilt Thursday

BY EDDIE SCHOENLAUB  
Sports Editor, The Star

GEORGE "HORSE" HAGGERTY and his Canton Professionals, one of the most famous basketball outfits of the country, featuring one of the greatest basketeers of all time, will oppose Isaly Dairies in the Star Auditorium, Thursday night.

With "Horse" Haggerty comes Jack Cremens, "Snook" Dowd, "Curly" Christian, Arthur Dexter, Ray Corl, and "Red" McBride. All are well-known in the field of professional basketball and all are capable of living up to their established reputations.

Haggerty himself weighs 220 pounds and measures six feet three inches in height. He started his basketball career at Springfield High School and later played in the Interstate, Eastern, and N. Y. State leagues. He was a member of the original New York Celtics for three seasons, when they were the greatest set of players in the country. He has also played with P. J. Wayne and last year was a member of the Washington Palace team. Haggerty is coach and captain of the Canton team and plays either center or guard. He is famous for holding a basketball with one hand.

Jack Cremens, another center and six-foot-three-inch gentleman, hails from Newark, N. J. He has a great high school record and has played on many professional organizations.

Dowd is Star. "Snook" Dowd comes from Springfield, Mass., and in addition to making a great record for himself in basketball, has the distinction of being the only man to run 200 yards for a touchdown in the grid game. During a game at Lee University, where he attended college, he played up a football near his own goal line and ran the full length of the field before he realized that he had carried the ball in the wrong direction. He turned around and ran through the whole team again and completed a 200 yard run for a touchdown. Last year "Snook" played with Boston in the American League.

"Curly" Christian hails from Reading, Pa., and has played with the Washington Palace crew in the American League. He plays forward. One of the smartest guards ever seen in action is Arthur Dexter, a former member of the Chicago Americans. Ray Corl is a running mate for Christian at forward and is one of the youngest point guards in the game. He is 19 years of age. McBride is better known to baseball fans as a stellar performer on the Washington Americans.

All Great Players  
The Canton Professionals outfit is composed solely of stars, headed by the greatest star, "Horse" Haggerty.

The Dairies have lost only one home game this season and do not expect to drop any more to opponents in the Star Auditorium. Their only defeat came last Friday when the famous Georgia Tech crew took their measure.

Midways Play Collegians  
The Midway Lancers will take on the Marion Collegians in the prelude to many games Thursday night. The Collegians are students home from college for the holidays and include some of the old-time Harding High and St. Mary's stars. The Collegians met the Lancers last week and were defeated in an overtime game. A revision of the lineup may change their luck.

There are 510 known packs of bounds in the world.

The signing of Dan Howley as manager of the St. Louis Browns probably will give Outfielder Ken Williams a new lease on life.

Williams recently was asked on Williams, who only a few years ago was sharing home-run honors with Babe Ruth. Last year he slumped badly in the field and at the bat.

When Howley was Cobb's assistant at Detroit, Williams was one of the best hitters in the American League. The new manager of the Browns is members him only as such and no doubt will want to give him the once over himself before sending him elsewhere.

Definite information on the ring plans of Jack Dempsey is expected within a few days, according to an announcement this week by Promoter Tex Rickard. The former world's heavyweight champion talked over the long distance telephone with Rickard.

Dempsey is scheduled to return to

## Movin' On

AARON WARD, sent to the Chicago Sox in the recent deal between that club and the Yankees, hopes to get a crack at Eddie Collins' old job at second base. Ward, utility infielder for the Yankees for three years and virtually a regular for six years, found himself benched last season in favor of Tony Lazzeri, Coast League home run star.

Ward was a member of the four world's series with Yankees, the three in a row 1921-23, and last falls. He broke into game with Little Rock in 1915.

He has collected 144 hits in four world's series with Yankees, the three in a row 1921-23, and last falls. He broke into game with Little Rock in 1915.

Leonard Hotly Denies He  
Got \$20,000 for Letters

LEONARD, Cal., Dec. 22.—(Reuter on all wires.) Hubert "Dutch" Leonard, former Detroit pitcher, today had broken his silence long enough to hurl some confounding statements at whoever is willing to listen—and even perhaps to those who are not.

Branded as a "Jube" among other things, for the part he is charged with playing in the ousting of Ty Cobb and "Red" from organized baseball, Leonard hurled his brandishes and to-day he released into silence again. The echo asks the question, "What about that \$20,000?"

Leonard hotly denies that he ever received such a sum for turning the now famous "letters" over to the American League, to Judge Landis, or to anyone else.

In a carefully prepared statement, which intimates his silence may give way to further outbursts, Leonard asserted that the Detroit club had paid him money—not for any "letters"—but for salary due him for the whole of 1922, 1923 and part of 1924.

Leonard declared he surrendered the "letters" to baseball authorities some weeks after the settlement in question had been made. He said this action was due to the fact he had been convinced that he owed it to the Detroit club and to the baseball world to do so. Leonard also said that he was told that this could be done without creating publicity.

In concluding, Leonard said: "I do not, at this time, deem it for the best interest of the baseball world in general to go into this or any other occurrence at any great length or detail."

Leonard has plainly indicated that the next move is to be made by someone else besides himself—but he has also plainly indicated that he has a rebuttal in readiness.

Many Familiar Faces To Appear in Lineup

Geisler, Key, Lin, out, Jonsson, McWhorter, Rimer, Maloney, and other familiar faces will be seen in the Alumni lineup tonight when the graduates oppose the Harding High variety eagers in the Star Auditorium.

Many of the Alumni will consist of Midway players. All are in the best of condition for the game. They have played together in recent years and are still playing together. The Alumni will present one of the smoothest working combinations that will ever face the Harding High team this season.

And Harding High will be ready for them. The rivalry between the two teams will increase the entertainment and fun of the basketball exhibition, and a large number of spectators are expected to be on hand for the battle.

Cochran, who has not yet announced his starting lineup and it is not certain who will represent the high school in the beginning of the fray.

RAY KREMER LEADS  
Pittsburgh Pitcher Ties Outstanding Record For 1923

New York, Dec. 22.—Clearly indicating his superiority over the field, Ray Kremer, right-hander of the Pittsburgh Pirates, proved the outstanding National League pitcher for 1923, according to the official records made public today.

Kremer topped the list in both percentage of earned runs per game and in games won and lost.

In thirty-seven games, Kremer's earned run average was 2.61, which was considerably better than that of Charley Root, Chicago, and Jess Petty, Brooklyn, who finished second and third with 2.82 and 2.81, respectively.

Frederick Fitzsimmons, New York, with 2.88 was the only other pitcher to finish the season with an average under three earned runs.

It's been a hectic, nerve-racking year for the veteran sport in Illinois, and for the sailors who have done their best to guide the ship in a straight and orderly path.

After Jan. 1 decisions in Illinois will be rendered by judges instead of by a single referee. The commission made this ruling following the turmoil over the Mickey Walker-Tiger Flowers championship fight.

Single Referee Will No Longer Give Illinois Decisions

Chicago, Dec. 20.—With the last fight show of the year 1923 safely tucked away—without casualties or reprimands of any sort—members of the Illinois Boxing Commission and fight fans in general today leaved a sigh of relief.

SPORTS  
HALL OF FAME

Only Two More Volleyball  
Rounds Remain in  
League

Members of the Marion Business Men's Volleyball League were again to swing into action late this afternoon on the Y. M. C. A. courts, after a rest during the holiday season. The round today is to be the sixth of the season, scheduled for the league this season and more interest than ever is being shown as the league schedule nears its end.

J. K. Hill, captain of the only undefeated outfit in the league, will lead his warriors against the strong Lancers at 5:15 this afternoon on the lower floor. After dropping the first two games, Lancers have won three consecutive titles and are all set to topple the leading Hillmen from their perch. The game promises to be one of the most thrilling to be played this afternoon.

Carter Patton's volleyballers will meet Bob Stief and his warriors in the second game of the lower floor at 5:15 p. m. Stief's men should have little difficulty in downing the shipping pattern aggregation.

On the upper floor, Waddell will meet Bob Murphy's men at 5:15 and Virgil Powell's team will tangle with Russell Sauer's outfit. Waddell is hoped to win the first game and Sauer is expected to take the second but neither team will have a walkaway.

The final games of the league will be played next Wednesday.

STATE TO MEET  
TIGERS TONIGHT

Marks First Holiday Encounter for Olsen's Men

Columbus, O., Dec. 22.—First of three home encounters with eastern teams during the holidays will be played by Ohio State's basketball five tonight when the Princeton quintet appears here at the Coliseum.

This is an annual conflict, and the visitors will be attempting to avenge a 26 to 25 defeat of last year.

Following the Princeton contest, the Ohioans will meet Cornell Friday night and Pittsburgh next Monday. State plays Cornell in basketball and basketball each year, and will take up football negotiations with Princeton next fall. Pittsburgh is a yearly game foe.

The Buckeye basketball players abbreviated their holiday vacation and reported to Coach Olsen for practice yesterday morning.

BALDICK LOOKS GOOD  
Teddy Baldick, the little British boxer who is picked by the critics across the pond as a coming world's champion, is descended from a fighting family. His father, Ted Baldick, was a well-known boxer in the old days, and the father's uncle, Jack Baldick, was one of the leading lights in the days of the raw buckle combats.

# Jubilee's Pardner

A Story of Boyhood Adventures

BY JUDY MORTIMER LEWIS

It was Thursday and then Friday and then Saturday will be next. I do not like school so much but I don't like it as bad as I used to before I found out it was to get my lessons then it was to go to my father's. I don't like it. When Jubilee was sick the teacher said if I would promise to get all my lessons and I found out it was a surprise. But it is the first time I had tried.

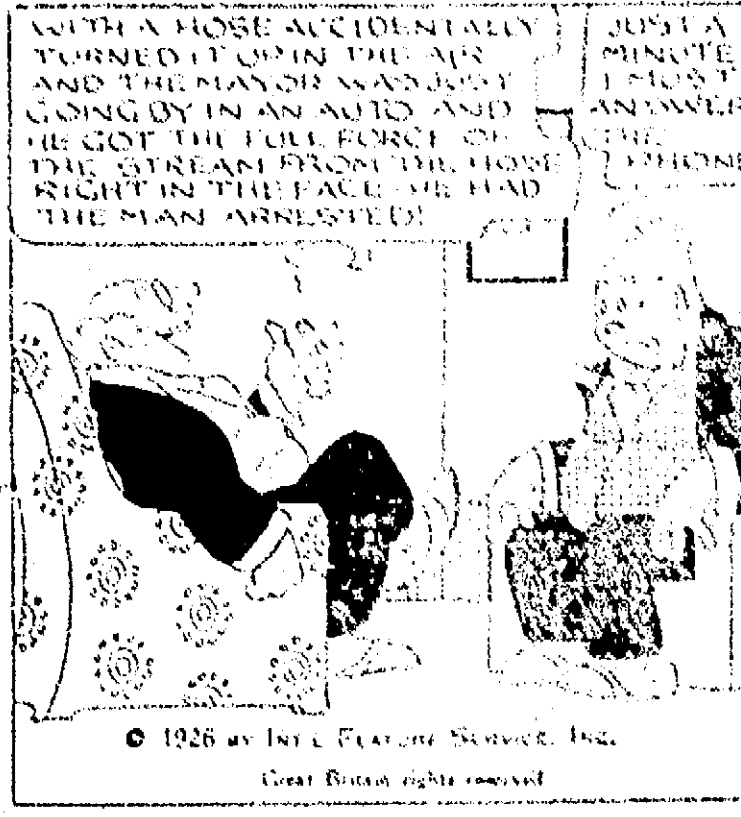

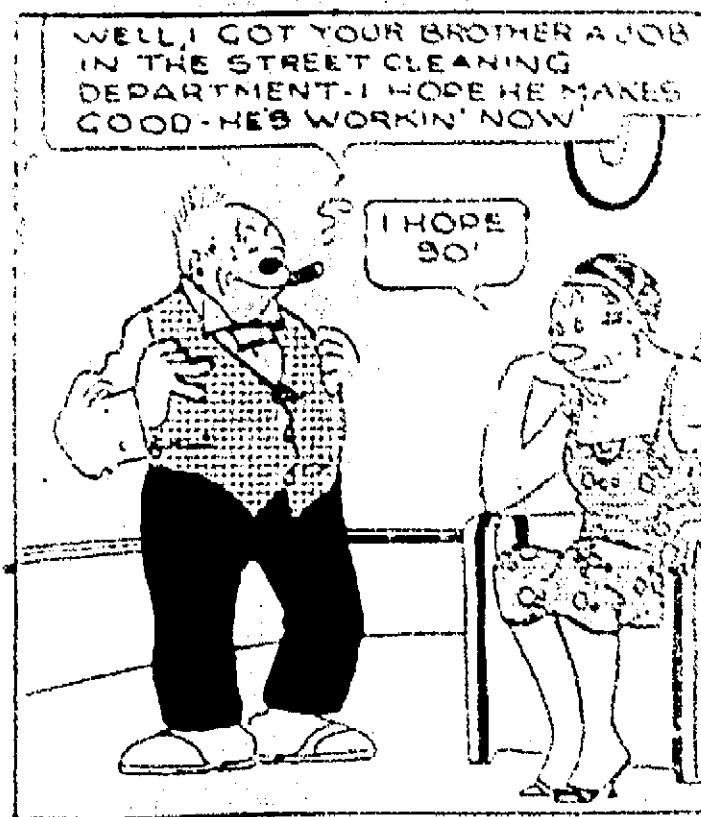

It was good and odd this morning when I let Jubilee down by the rope in the bath and then I took off my overalls and put on my other clothes and after we all went over to Miss Farmer's to wish her a happy New Year, and she gave us all some hot chocolate and cakes with nuts in them. But she said she had been keeping them for us, and we asked her what she was waiting for and she said she was waiting for the New Year. But I let it be in the summer time, but I let it be in the summer time, but I let it be in the summer time.

reservoir in winter time, and Miss Farmer told Youngs and Horne and Maggie and Paddy and got some silk stockings and a lovely brass car and we all looked at her ears and we didn't see anything wrong with them and I asked her why she didn't wear her brass car, and she looked at it in a funny way and said, "I am wearing it." And I said, "I don't see it." Then Paddy whispered behind me and said, "A brass car is not an ear it is under her, you see." So I stop and looking and the lunch followed me.

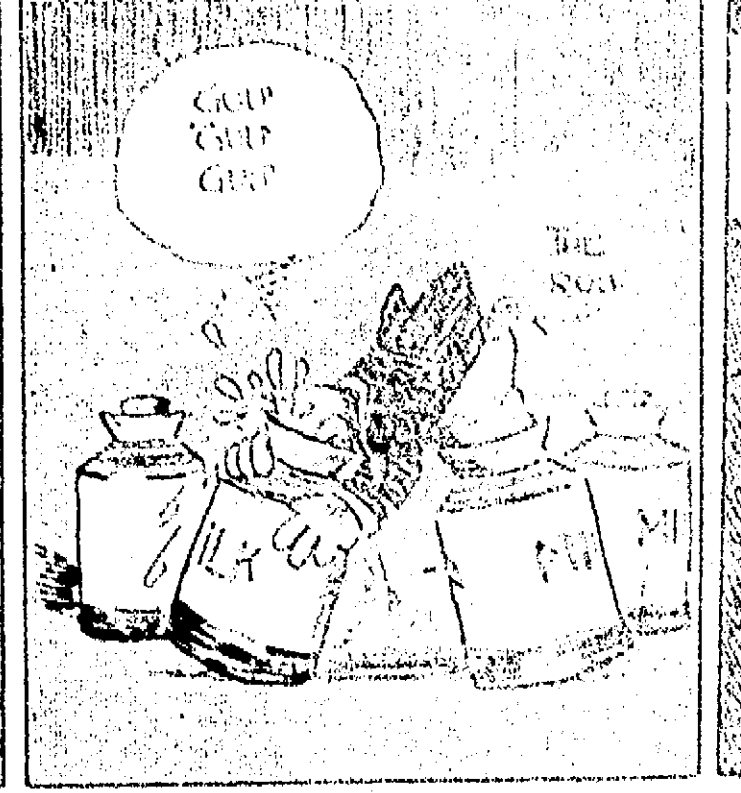

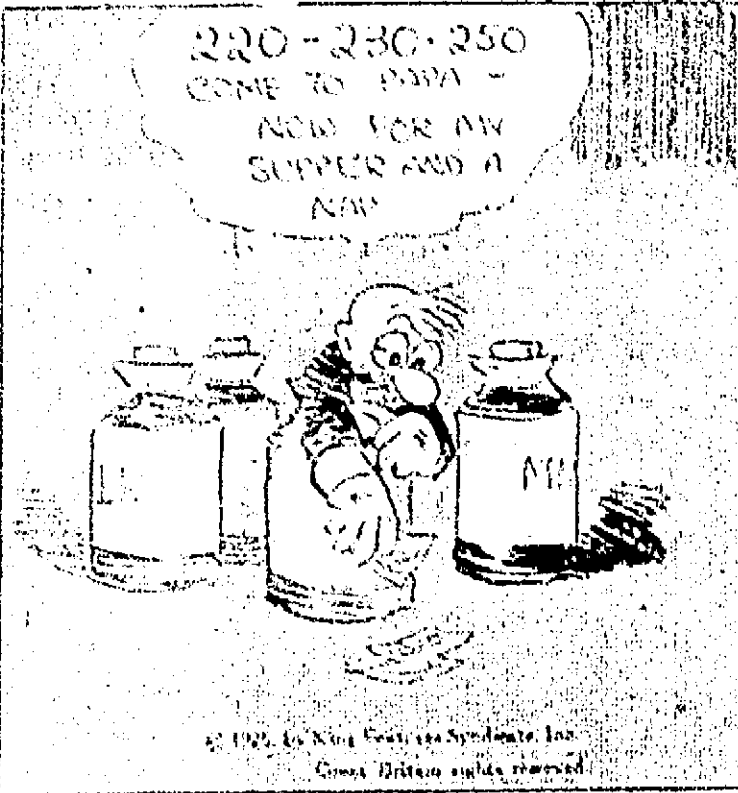

That is a funny thing to tell an underclothes. I am glad I don't wear them. Whites were then and carries a handkerchief and then asked him to show us his brass car and Wiley said he would show him a brass nose, and they had a pretty good fight that lasted from the hall to the corner and almost to the pond. I bet the next name they have for underclothes will be a tin whistle.

I got my new skates and pulled Youngs around up to day. They are as sharp as razors. When I went home we had another turkey for New Year. It looked at me when I was milking, and I told it I would gobble at it on New Year.

### Uncle Wiggily and His Friends

Once upon a time when the forty little bunny boys and girls in the Wiggly's house were playing with their Christmas toys, Baby Buntie said, "Let's ask Daddy to take us out for a ride, yes!" sang all the others in a chorus.

"I'll ask him," went on Baby Buntie. "He was a cute little bunny and often Uncle Wiggily would grant favors to us when he might think twice about it for the other forty boys."

"Yes, you see Baby Buntie was the very first bunny, and besides, she was an orphan, living by turns with all the other animal folk of Woodland. Now it was her turn to live with Uncle Wiggily. And very lucky it was, being the Christmas season."

"Baby Buntie went dancing on her paws to the door where Uncle Wiggily, when she called 'Daddy!', sat in a rocking chair, dozing before the blazing fire of logs on the hearth.

"Daddy!" called Baby Buntie in the dark.

"I'm coming! I'll be right down to breakfast, my dear!" answered Mr. Wiggily, jumping up and rubbing his eyes. For he had fallen asleep and thought his wife was calling him to breakfast.

"Ha! Ha!" laughed Baby Buntie. "Ha! Ha!" laughed all the other little bunny boys and girls.

"Ha! Ha!" chuckled Uncle Wiggily himself, and then Baby Buntie knew it would be all right to ask him the favor. "Will you take us adventuring?" she asked.

"Why of course I will!" answered Mr. Wiggily.

A little later there was quite a procession of rabbits marching over the hill across the fields and toward the woods. Many sharp little eyes looked for an adventure, for that was what Uncle Wiggily had come in search of.

"I see one!" suddenly cried Jingle, who was walking with her sister Bangle.

"Where?" asked Uncle Wiggily.

"Over by that old stump," answered Jangle. "It's a tall waiving adventure, oh, I hope it isn't one of the bad things."

But it wasn't even an adventure for it was only a brown oak leaf blowing in the wind, and Uncle Wiggily laughed when he saw it.

"We shall have to hunt farther for an adventure," he said. And a little while after that, all of a sudden, Baby Buntie gave a shout and said:

"Oh, look what I've found—a lot of sticky balls!" She was beneath a big tree and on the ground were a number of balls, with long stems. Each ball had a single spike or sharp stick on it, like the hair of a horse's tail, before it opens to let the brown nut pop out. Only those brown stickers were not so large as those from the horse chestnut tree.

"They look just like Christmas tree ornaments, only they aren't gold or silver or red, green and other pretty colors," said Tootle, one of the boy bunnies.

"Maybe they are next year's Christmas tree ornaments and they aren't!" said Tootle's brother, who was named Tootle.

"You might call them that," said Baby Buntie when the children asked her about the sticky balls. "But they are really the seed pods from the horse chestnut tree. Every year they fall from the tree like this. If you like you can take some of the sticky balls."

long and next Christmas we can color them. But be careful not to hurt your selves, for the spikes on the brown seed balls are very sharp."

"This the little bunnies soon found out for themselves. But they picked up many of the sticky balls, taking as much care as they could. And when they were ready to go home, all of a sudden, out of the bushes popped the Bob Cat with his sly little tail.

"I suppose you know what I have come for," croaked the Bob Cat to Uncle Wiggily.

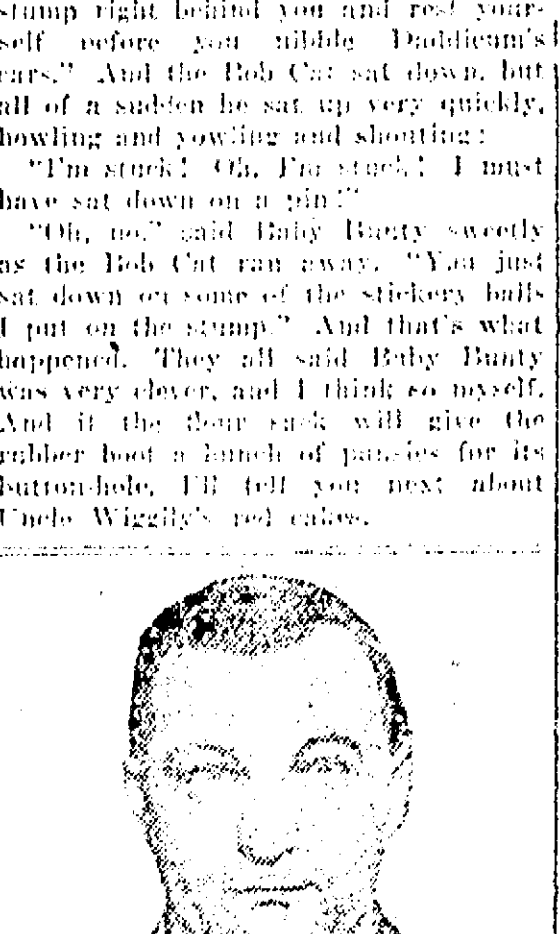

"I suppose you mean my ears?" signed the rabbit gentleman.

"Yes," sneered the bad chap. But just then Baby Buntie, very politely, said to the Bob Cat:

"Won't you sit down on that fat stump right behind you and rest yourself before you nibble Daddy's ears?" And the Bob Cat sat down, but all of a sudden he sat up very quickly, howling and growling and shouting:

"I'm stuck! Oh, I'm stuck! I must have sat down on a pin!"

"Oh, no!" said Baby Buntie sweetly as the Bob Cat ran away. "You just sat down on one of the sticky balls I put on the stump." And that's what happened. They all said Baby Buntie was very clever, and I think so myself. And if the four each will give the rubber foot a bunch of parties for its birthday, I'll tell you next about Uncle Wiggily's red calves.

**Claims Stomach Souring Causes Bad Breath**

New York City, Mr. Ben Leheide writes: "I was formerly a victim of constant upset stomach, bad taste in the mouth and very disagreeable breath. My bowels were constantly constipated and nothing helped except temporarily. After using Carter's Little Liver Pills I have overcome all troubles and I am especially happy because of a sweet clean healthy breath."

Carter's Little Liver Pills are small, sugar coated, easy to take by every member of the family. Their action on the bowels is gentle. 25¢ and 50¢ pkgs. Drugists.
